

Well Accepted Comments and Suggestions from Our Honorable Delegates

Dear Dilip:

I hope that you are recovering a little today after the exhausting time getting ready for the Conference and the meeting itself. You and all your very hardworking associates can be justifiably proud of what was achieved in the past days with respect to honoring Mrs. Asima Chatterjee. It was a remarkable occasion, and, as I said to Julie yesterday, I am sure that Mrs. Chatterjee would be truly impressed and awed by the level of the chemistry, the camaraderie, and the discussions that occurred. It was an absolutely great and memorable occasion. Thank you again so very, very much for inviting me, and I am delighted to have contributed in some small way to the events.

I will be leaving Kolkata tomorrow evening (12th) for Dhaka, and I wanted to make sure that there was an arrangement for transportation for me to the airport at about 3.00 pm, and that I could get a late check-out at that time from the hotel.

I was also wondering if there is an available electronic version of the Abstracts for the meeting. I know some other colleagues were asking about this possibility also. If there is a pdf available that would be really wonderful.

In the meantime, thank you again for ll your efforts on our behalf, and all the very, very best to you for your success in the future.

Best regards

**Geoffrey A. Cordell, Ph.D.
Professor Emeritus, Univ Illinois
Adjunct Professor, Univ Florida, and
President, Natural Products Inc., USA**

Dear Dilip,

I have returned to West Lafayette and am back to work at Purdue. I very much enjoyed being part of the historic event celebrating and honoring Professor Asima Chatterjee at her birth centenary and ICCHD-2018 conference in Kolkata. It was truly an auspicious and memorable occasion. My heartiest congratulations dedicated to you and the members of the organizing committee for hosting such an international conference in Kolkata. I believe that the conference was a great success with eminent speakers, very high quality science, interesting presentations, delicious Indian food, and superb organization. My very special thank goes to you and the organizing committee for inviting me. I wish you continued success in science and I hope to see you again soon.

Kind regards,

Arun Ghosh

Dear Dilip

I came back to Rennes yesterday afternoon.

I need to thank you for organising this strong international conference gathering many scientists from the world.

It was good for me to meet many scientist friends in Kolkata from India and outside,

but I feel granted to have made many new contacts with Indian Chemists including very young researchers, useful for future.

Thank you for the energy you needed to spend for us all the best

Pierre H Dixneuf

CNRS-University of Rennes1, Professor, Professor of chemistry, Emeritus, Institut des Sciences Chimiques de Rennes Campus de Beaulieu, Université de Rennes, 35042 RENNES Cedex, France, e-mail: pierre.dixneuf@univ-rennes1.fr

Dear Dilip,

I have safely returned to Tianjin. Now I seat at my office starting to work. Many thanks for your very kind invitation and warm hospitality. The ICCHD 2018 is a nice conference which gave me a good chance to meet so many Indian chemists. The chemistries in conference are beautiful, I learnt a lot. I appreciate your great effort and hard work to organize a wonderful conference which provides a platform for the international scientific exchange. I look forward to having collaboration with Indian chemists.

Thank you again and with my best wishes.

Dear Dilip,

Thank you for inviting me to participate and deliver a lecture at ICCHD-2018 meeting. It was nicely organized and well attended. Congratulations to you and your team for organizing such an international meeting in Kolkata. I am sure this will give enough confidence to you to organize more such meetings in the eastern part of our country, which deserves many such meetings.

Best regards,

Kaliappan

Dear Professor Maiti,

Thank you for everything you did for us. We really had pleasant and enjoyable stay in Kalkata. We are now leaving for Taj Mahal today and stay at Agra for two nights.

Thank you again for kind invitation. I look forward to seeing you in near future.

Warm regards,

Naoto

Dear Professor Dilip:

Thanks a lot for your very kind invitation and warm hospitality, it is an ever memorable memory from Kolkata, which is only due to your warm hospitality and very very hard work.

You are a wonderful person with excellent capacity, I am missing tonight the bar discussion with all of the conference delegates at the end of the day, where I can see you with your profound and spectacular smile all the time.

Looking forward to have you in Dhaka very soon with very dear Shukla Di indeed.

My warm regards to the volunteer specially Mr. Tonmoy and Dr. Atonu

CARES

Dear Dilip,

upon my return to Germany I'd like to extend my warmest thanks to you for organizing such an outstanding meeting with many excellent speakers, a truly breath-taking program and foremost your great hospitality. I must say I had a wonderful time in Kolkata with many stimulating discussions and a lot of interactions with colleagues and students.

Whenever you plan to come to Germany please let me know and I'd be happy to invite you to Leipzig for a lecture and discussion.

*All the best to you and with my warmest regards,
Christoph*

Prof. Christoph Schneider

Dear Prof. Maiti:

Thanks for hosting such a high quality international conference. This was one of best conferences that I have attended. Thanks for the invite and hospitality.

2019 is too early for another conference.

*Regards,
Thomas*

Dear Professor Maiti,

I came back Shanghai safely yesterday. Thanks for organizing a nice symposium! Your colleagues and your students gave me very deep impression. Hopefully we can exchange our chemistry again in the near future.

Best,

Dawei

Dear Dilip,

Thank you for your mail. It was a pleasure to attend the conference, meet many old friends, and make new ones. The hard work done by you and your entire team is greatly appreciated.

Best wishes,

Uday

Dear Prof. Maiti,

Today I have safely arrived back home.

Once more, thank you for the invitation to this outstanding event, which I enjoyed very, very much.

Everything was fine, I was very happy. Yes, your conference was a great success, I enjoyed it and I shall be happy to contribute in the future

Kind regards,

Stephen

Prof. A. Stephen K. Hashmi

Professor, University of Heisenberg, Organisch-Chemisches Institut, Universität Heidelberg, Heidelberg, Germany, e-mail: hashmi@hashmi.de

Dear Dilip,

I just came back from India. I would like to express my gratitude for your kind invitation to participate and deliver a lecture at ICCHD-2018. I was really impressed by the quality of the meeting, especially the speakers from both side Indian and foreign countries. I really enjoyed the time we spent in Kolkata, especially on the Ganga River. The meeting was great and wonderful organized. I acknowledge all that commitment, work and effort and must applaud you and your team for it. I hope to see you again in near future with this energy and enthusiasm.

Best regards

Dear Professor Maiti:

You have done a wonderful job for our country and for our teacher. It is nice to see that a great chemical leader of this country is remembered in such a magnificent way. Nothing better could have happened and it happened only because of your personal involvement. Forget the rest.

Let me congratulate you for your brilliant success. I would wonder if you could send us some good photos whenever you have some time to spare.

Dear Dilip,

This mail is to thank you profusely for the arrangements made for the ICCHD conference. I express my sincere appreciation for the way it was organised and the hard work put in by a number of people involved in the conference. It is also a testimony to the collective leadership of you and other team members. The science part was excellent. Apart from that, for many of us who are originally from the same institute but now not in Kolkata for a long time, it was a wonderful opportunity to meet old colleagues, friends and teachers.

***Thanking you once again for making this possible and with regards,
Ashoke Banerjee(+91 98210 29230***

Dear Dilip,

We just got home after the trip. Both Pascale and I want to thank you for your wonderful hospitality and our congratulations (for you and all your collaborators) for the success of the meeting.

I hope we see you again soon.

Dear Dilip,

I landed safely in Hamburg and I am now on my way to Berlin by train.

I would like to take the opportunity to thank you and Pierre again for the invitation to come to Kolkata. Your conference was a success, and it was really nice to mix with the Indian chemical community and with the young assistant professors from all over India.

With best wishes,

Martin
