

**Dr. Tabrez Khan, IIT Bhubaneswar**

Exploration of [2+2+1] cycloaddition based strategy towards the synthesis of modest to complex molecular architecture

**Personal Profile**

**Dr. Tabrez Khan** received his Ph.D. from the University of Mumbai in 2009 under the supervision of Prof. S. H. Mashraqui. From 2009-2012, he worked as a Dr. D. S. Kothari Postdoctoral fellow with Prof. Goverdhan Mehta at the Indian Institute of Science, Bangalore & University of Hyderabad. Then, through financial support from Fulbright-Nehru Postdoctoral Fellowship he worked with Prof. K. C. Nicolaou at the Scripps Research Institute, California from 2012-2013. In 2014, he joined as an Assistant Prof. at the School of Basic Sciences, IIT Bhubaneswar, Odisha, India. His research focusses on the target & diversity oriented synthesis of bioactive natural products and natural products inspired scaffolds.
